Abstract— Ce document doit être rédigé en français (ou éventuellement en anglais). This document gives formatting instructions for authors submitting a presentation proposition at the JNCT2014. The authors must follow the instructions given in this document. Due to shortness, this abstract will be limited to 10 lines. Your proposition can be submitted in french (or in English).

I. INTRODUCTION

This document is a template. An electronic copy Template_JNCT2014.doc can be downloaded from sites.google.com/site/jnct2014/. An Open Document template is also available at the same location under the name Template_JNCT2014.odt.

II. PAGE LAYOUT

An easy way to comply with the presentation proposition formatting requirements is to use this document as a template and simply type your text into it.

A. Page Layout

Your paper must use an A4 page size. The margins must be set as follows:

- Top = 19mm (0.75")
- Bottom = 43mm (1.69")
- Left = Right = 14.32mm (0.56")

Your paper must be in two columns format with a space of 4.22mm (0.17") between columns.

I. PAGE STYLE

All paragraphs must be indented. All paragraphs must be justified, i.e. both left-justified and right-justified.

A. Text Font of Entire Document

The entire document should be in Times New Roman or Times font. Type 3 fonts must not be used. Other font types may be used if needed for special purposes.

B. Title and Author Details

Title must be in 24 pt Regular font. Author name must be in 11 pt Regular font. Author affiliation must be in 10 pt Italic. Email address must be in 9 pt Courier Regular font.

All title and author details must be in single-column format and must be centered.

To avoid confusion, the family name must be written as the last part of each author name (e.g. John Smith).

Each affiliation must include, at the very least, the name of the laboratory, the name of the university where the author is based and into brackets the land (e.g. IRIT, Université de Toulouse (F)).

Email address is compulsory for the corresponding author.

I. FIGURES AND TABLES

Figures and tables must be centered in the column. Due to place limitation, figures and tables are limited to two.

A. Figure Captions

Figures must be numbered using Arabic numerals. Figure captions must be in 8 pt Regular font. Captions of a single line (e.g. Fig. 2) must be centered whereas multi-line captions must be justified (e.g. Fig. 1). Captions with figure numbers must be placed after their associated figures.

B. Table Captions

Tables must be numbered using uppercase Roman numerals. Table captions must be centred and in 8 pt Regular font with Small Caps. Every word in a table caption must be capitalized except for short minor words as listed in Section III-B. Captions with table numbers must be placed before their associated tables.

A. Links and Bookmarks

If you need to refer to an Internet email address or URL in your proposition, you must type out the address or URL fully in Regular font.

I. CONCLUSIONS AND ACKNOWLEDGEMENT

This short template was extracted from the ieee_template provided by Causal Productions.
